

Approval of the standard raising

Property: Intagan 26 Rasmusgatan 14 A-E

I/we have received information from the property owner on the measures they intend to perform in my/our apartment when the building is being renovated. This includes the total renovation of the bathroom and renewal of electrical installations, replacement of windows and installation of security doors and the installation of intercom with image transfer. The standard-raising activities involve a rent increase. Rent increases will be negotiated with Tenant Association in Southern Sweden

Yes, I/we approve the measures we have received information about

No, I/we do not approve the measures we have received information about
